"As a first time Executive Director of a newly opened Clinic, having Lauren Roman keynote our banquet was the perfect choice. She offered encouragement and "best practices" that positioned us for success. Lauren's personal story and compelling explanation of our Clinic's work motivated our attendees to invest. Her carefully crafted appeal touched hearts in a big way – we more than doubled our income over last year's event!"

Banquet guests were touched by her personal story and song, her humor and transparency – and she tied everything into the work of our center so effectively, THEY ALL CAUGHT THE VISION!
